

Appeal for Signing

If you support our demands, we ask you to sign. The collected signatures will be handed to diet members who are supportive of our aims; any information will not be used for any other purpose or shared with any third party. Please send also those lists on which only few or even one single person has signed. **There are two deadlines, January 5th and June 30th every year, in order to submit this petition to both of the two diet session debates.
